A PORTAL TO  
**FEMINIST  
POWER**

BANGALORE | NAIROBI | NEW YORK CITY

**Imagine opening a door which takes you into a conversation with feminist activists in other continents.**

This year, AWID is putting a virtual spin on CSW, in order to connect and amplify feminist activists' voices so we can challenge the discriminatory barriers that limit participation and influence at CSW. By setting up connecting "portals" in NYC, Nairobi, and Bangalore, AWID will host a physical-virtual hybrid space for feminists to connect their struggles and build collective power.
