2011 AWID Global Survey: Where is the Money for Women¹s Rights?

Thank you for agreeing to participate in this 30-minute questionnaire! The survey you are about to take will help AWID gather key information about current funding trends and the situation of women's organizations and movements around the world. We ask that you please take the time to fill it out as completely as possible so we can have strong data on funding trends over time. With the data from the survey AWID is committed to produce user-friendly tools and materials about current funding trends and feminist resource mobilization strategies. We hope it will help all of you, and women’s movements at large, to advocate for more and better funding for your work.

With this survey, we want to make sure we have the most accurate long-term and historical analysis of funding situations and trends. That is why you will be asked for information about the resources and funding of your organization in 2005, 2008, 2009, 2010 and 2012. Please help us to make sure we have the most accurate information possible by taking time to find the exact numbers of your organization’s income or by giving your best estimate.

Please know that all your personal information will be kept confidential and will be analysed by an independent research firm.

By completing the entire survey, you will be entered in a drawing to receive AWID funding to cover your airfare, hotel, and registration fee to participate in our 2012 International Forum in Istanbul, Turkey. The 2012 AWID Forum, Transforming Economic Power to Advance Women's Rights and Justice, will take place from April 19-22. There will be two winners in the drawing, which will be announced in December 2011.
