Interview guide for WITM for Indigenous Women’s Rights
SAMPLE

Activists/Women’s Rights Organizations Interview Questions:

1. What are the main issues/areas of need indigenous women's groups need funding for?
   ■ Is there funding for these needs? Which ones get more support in your view more than others and why?

2. What can donor organizations do to better fund indigenous women?

3. What can indigenous women’s groups do to influence and access the funding?

4. What are some of the areas of collaboration that currently exist among funders and indigenous communities? Name them please and are they effective or not?
   ■ What are some of the areas of collaboration you would like to see developed between funders and indigenous women's organizations?
   ■ Is there anything else you would like us to take into consideration as we move forward in this research?
